Dear Bill

After 62 plus years of marriage to a wonderful woman who was beloved by many, befriended countless children in many ways and became their unofficial step grandmother, it became time to let her go to an even better place where she could see from God's Garden the good she accomplished while on earth.

It was with great satisfaction to use your services. Momie always loved to see you and speak with you.

Your friendship and professional attitude combined with your pleasant personality provide comfort to those of us in need during a difficult time

Thank you Bill
God Bless you always

Leo Haruk
