

Bill,

April 2, 1997

I just wanted to write and tell you what a wonderful service you had for my father. First of all you came over to the house and met with the whole family and discussed all the arrangements and answered everyone's questions. You were there to help all of us. The service was really nice and then the balloon ceremony at the Temple gave everyone the opportunity to write their last message to my Dad and send it up to him. This I have never seen done before and was one of the things that made my Dad's funeral so special and left a lasting impression on everyone. The unique things that you do and the special touches that you add truly make you one of the most special people that I have ever known. I want to thank you for being not only one of my Dad's best friends but also for doing such a wonderful job on his funeral. I know that you made him proud and that he would have appreciated all of the special touches. Thank you,
John and Pat Henningsen
